

## FARMERS QUARREL AND ONE IS KILLED

SHOTS WERE HEARD BY SON  
OF DEAD MAN AND A  
NEIGHBOR

Red Bay, Ala., Dec. 8.—Information was received here today of the killing of Andy Vicory during an altercation with Mart Robinson, in Hodges, Ala. Robinson surrendered himself a few hours after the killing to the sheriff of Franklin county and is being held at Hamilton to await the preliminary hearing Friday.

Robinson, in his statement to the sheriff at the time of his arrest, stated that Vicory was killed by the discharge of his own pistol during the altercation in which Robinson was trying to take the pistol from him.

It is stated that trouble had existed for some time between the two men, and that Vicory had made plans to leave for Texas. Preparatory to his departure he had advertised his corn for sale and that Robinson was a prospective buyer.

It is alleged that Robinson called at the Vicory home Wednesday night and was refused admission by Mrs. Vicory, who claimed that he had been drinking. Vicory walked out and met Robinson at the gate of his yard and entered into a conversation

with him. During the course of the conversation, the two walked together some distance from the house.

While seated some distance away, the two men were passed by a son of Vicory and a man named Posey. According to the statement of these two Robinson and Vicory were talking in a friendly way at that time. It was stated further by Posey and the son of Vicory that after they had passed a short distance by the two men, they heard seven shots in quick succession. Returning to the spot they found Vicory dying from pistol wounds in the body.

Robinson, it is alleged, was in concealment at the time, but finally stepped out. Vicory, Jr., and Posey became frightened, fearing that Robinson might open fire upon them and made a hasty retreat. They returned some time later and found Vicory dead, but Robinson was not present.

Robinson, it is claimed, went to the house of some neighbors and returned with three men whom he told that Vicory had been killed while he was trying to take a revolver from him. Robinson later surrendered himself to the sheriff of Franklin county and is being held pending a preliminary hearing Friday.

## THE OLD SHEDS ARE PASSING, TOO

MUCH IMPROVEMENT BEING  
MADE IN DOWNTOWN  
DISTRICT

There is never a day in Dothan that there is not some noticeable improvement going on, and now that the residential portion of town has been improved so much by the paved sidewalks and curbs, the attention of the city fathers has been turned to the downtown district.

The Brandewyne paving force began yesterday morning paving the walks in the downtown part and leveling the sidewalk in front of Bonham & Son and Mrs. M. A. Faulk's stores. This is the beginning of the downtown street paving and it is the intentions of the councilmen to have every sidewalk paved and put on a level, as they have the streets. This, as was the sidewalk paving, will be

compulsory, and all of the property owners who do not agree to have their sidewalks improved at the present, will be forced to after they have been given more time to consider the matter. The sidewalks will be lowered or raised, in order to put them on a level with the paved streets, and all will be of a uniform width.

One of the greatest improvements being made is the tearing down of the old wooden sheds, or awnings, that have been around the stores for so many years. The work was begun this morning in the Poplar Head district and every one of the old sheds in the city will be torn away before the work is finished. It is not compulsory that the property owners tear sheds from in front of their buildings, but the mayor is making every effort to get them to do this.

Some of the oldest wooden and sheet iron awnings in the city are going today. The Busy Bee cafe, Bartlett's grocery, Brown's drug store are the first buildings to show this much needed improvement, and are showing the effect nicely.

The campaign against the old wooden sheds has had a successful beginning and it is thought that every building in the city will be shaded with a nice awning next summer, instead of the old style eye-sores.

### "WINONA"

The Criterion was showing this picture to a large and attentive audience last night when the lights went so nearly out that they had to quit. Most of them were given back their tickets and requested the management to hold it over and show it tonight. It will be shown at two performances in addition to the regular program. At 7 and 8 p. m. "Winona" was the white captive of the Sioux.

Cammie McDavid, of Hinson, Fla., was in the city today meeting old friends.

### Guns.

Some writer comments upon the hazard of using the pistol as a bedfellow. It is known to be a very foolish thing to do, to put a pistol under one's pillow, almost as foolish as it is for the boy to put his pocket book under his pillow, when sleeping away from home, as if the polite burglar couldn't extract it without striking a match any time.

The gun carrying habit is long in wearing off. It was thought a safe thing to do one time, to carry a gun wherever one went, for there appeared to be trouble lurking in every neighbor, but that sort of a neighbor has been done away with, and we have spent many years carrying shooting irons for nothing. There are men who have carried their trusty pistols so long till they feel at a loss without them, and they often live a long life time without ever being killed by their own gun. Then some day. It is a sad sight to behold a man who is afraid to step out side to shut the smoke-house door without his gun.

The danger in keeping loaded guns and pistols about the house is not for the intruder, but the innocent members of the family, who get shot oftener than the nightly prowler.

### Coming Again

We are just in receipt of Vol. 46, No. 1, of a neat publication gotten out by some printers and many editors of Washington City. This publication is no stranger, but it has been taking a vacation for some months while the editors have been fence fixing. Some of them made a poor job of it. There is really no news in the paper fit to print, for the editorial page is filled with a complete list of the members of the house and representatives and the members of the senate. There is no telegraphic news, no aeroplane races or automobile meets, and Dr. Cook has no mention in it.

About the time the editorial forces were being assembled, a prayer was offered, and we catch this much of it: "The absent faces remind us anew that it is not in us who walk to direct our steps—" That portion of the opening prayer will be read with little interest by those members who were inadvertently left at home. They don't have to read the paper now being published at Washington and entered as the Congressional Record.

The first thing we know Dothan will be claiming that it is bigger than Montgomery, and as bad as Birmingham.—Montgomery Journal

As for the first statement, we ask you to watch the census report ten years from now, but as to the last—that is impossible.

Well, they are shopping early, and many of them are paying cash, instead of having their bills charged till the first of January. The first of January is the worst sort of a time for one to have bills fall due. So many people wait till that time to pay their taxes, both city and county. And then the business man in town has his license tax, and the street tax to look after.

Houston county is going to produce better crops next year than she did this year, for the docters are going out to harvest the hookworms. When they have been gathered, the boys of this section will feel like doing a man's work. They will have new life, handed them at a time when it will do the most good.

Chicago coal dealers have decided that this is a good time to put the price of coal up. There is so much coal sold by other people till their actions will not effect the whole country.

Jack Johnson's victory is now complete. He is to have Booker T. to dine with him.

Whitewash has been piled on Ballinger so thick till it is flecking off.

### Timely Suggestions For Investors

There is a scarcity in houses to rent for from \$12.50 to \$15 a month. We have an average of ten applications a week for houses of this class. Eight hundred dollars invested in a lot 270 feet east front, two blocks from the new high school building and towards Main street will furnish five lots for houses, say to cost \$1,000 each. On an investment of \$1,160, one can have an income of \$180 a year easily. This property is in a white section and will advance in value rapidly.

Take a look at a new six-room residence on South Appletree street on a two-thirds of an acre lot we are offering at \$1,600. It's worth a fourth more.

West Main property is as cheap as it will ever be. If you contemplate owning a home on one of the best streets in Dothan, it would be well to investigate the homes we have for sale on this street.

With the improvements just completed on East Main street, property in that part of town is increasing in value. We have an elegant seven-room house, with all conveniences, almost new and on a lot 100 by 226 feet and 140 feet adjacent frontage for sale. The price is \$5,000. It's worth \$6,000.

We have for immediate sale 160 acres on public road half mile from city limits, well improved and naturally fine land. We can sell at \$25 per acre if taken before Dec. 15.

### Take Care

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years."

The bazaar held in the old Culver and Harris store for the past two days by the ladies of the Home Mission Society of the Foster Street Methodist church, closed last night after one of the most successful runs ever held. The net proceeds of the sales will be \$240 and probably higher. On the oyster dinner yesterday they netted over twenty dollars and the sales of the other articles during the two days will make up the remainder.

The bazaar was held to pay for the newly laid carpet in the Foster street Methodist church, and far exceeded the expectations of the ladies. Their intentions were to have the bazaar run three days, but the sales were so great that they sold out before night yesterday and were forced to close.

Many pretty and useful articles were contributed by ladies and they were soon disposed of.

### COLUMBIA VISITORS

Mr. and Mrs. John A. Hayes, Mrs. L. F. Oakley, Mrs. W. F. Oakley, Miss Kathleene Beach, Mrs. J. P. D. Wilkerson and daughter, Mrs. Stokes, and Miss Lucile Alford, all came over this morning from Columbia shopping.

He writes us, "All those that bought it think it is the best for coughs and they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please except thanks." For sale by N. H. McCallum.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
